- UI/UX Design
- Backend Integration
- Firebase
- Animations & Effects
- State Management
- Problem-solving and critical thinking
- Strong communication and teamwork

## LANGUAGES

- English (Fluent)
- Urdu (Native)

## PROFILE

Creative and detail-oriented Flutter Developer skilled in Flutter & Dart, UI/UX design, backend integration, Firebase, state management, and engaging animations & effects. Strong problem-solving abilities, critical thinking, and excellent communication and teamwork skills, delivering high-quality mobile applications with smooth user experiences.

## HANDS-ON EXPERIENCE

### Mobile App UI Design (Flutter & Figma)

- Designed and developed modern, responsive user interfaces for mobile applications, including e-commerce, food delivery, and authentication screens.

### Prototyping & User Flow

- Created interactive prototypes in Figma to demonstrate navigation and improve user experience.

### Custom Widgets & Layouts

- Built reusable Flutter widgets to enhance design consistency and app performance.

### Focus on Modern Design Principles

- Implemented clean layouts, engaging color schemes, and user-friendly designs aligned with current UI/UX trends.

## EDUCATION

**Bachelor of Computer Science**  
University of Sahiwal | Sahiwal Pakistan

2022-2026
